Key Risks

Credit Risk, Issuer Risk, Interest Rate Risk, Liquidity Risk, Non-US Securities Risk, Currency Risk, Prepayment Risk and Extension Risk. Investing involves risk including possible loss of principal.

Due to rounding, Sector, Credit Quality, Duration and Maturity distribution totals may not equal 100%. Country Distribution reflects breakdown of the top 10 country allocations only and therefore does not total 100%. This portfolio is actively managed and characteristics are subject to change. Credit Quality reflects the highest credit rating assigned to individual holdings of the composite among Moody's, S&P or Fitch; ratings are subject to change. Duration and Maturity Distribution Less than 1 Yr. may include cash and equivalents. Cash & Equivalents may include unsettled trades, fees and/or derivatives. TMT: Technology, Media, and Telecom.

The Composite includes all discretionary accounts with market values of at least \$20 million managed by Loomis Sayles and that primarily invest in hard currency debt of corporate and quasi sovereign entities located in emerging market economies with duration of less than 5 years. Loomis Sayles's security level research and significant tactical country and sector allocation are primary alpha sources for this product. Prior to January 1, 2018 the Composite minimum account size requirement was \$5 million. The Composite inception date is May 1, 2014. The Composite was created in July 2014.
